➤ General Information

We are pleased to announce the 6th International Conference on Biotechnology and Bioengineering combined with 2017 International Conference on Advances in Biomedicine and Biomedical Engineering will be held during September 26-28, 2017 in Offenburg, Germany.

The main objective of this conference is to bring people together from diverse disciplines to review progress and to exchange ideas in all aspects of biotechnology and bioengineering, with topics ranging from Cancer Genomics & Immunotherapy, Medical biotechnology, Pharmaceutical Biotechnology, Enzyme and Protein Engineering, Bioinformatics & Systems Biology, Biosensors & Bioelectronics, Nanobiotechnology to Bioprocess Engineering, etc.

The conference is therefore purposely broad to cover all aspects of biotechnology and bioengineering, a unique combination that is highly appreciated by the participants. The conference will feature a mix of invited speakers drawn from a wide variety of backgrounds and experiences, and will bring together international basic, translational and clinical scientists and scholars from academics to industry.

Previous conferences have been held successfully in Beijing (2012), Zhengzhou (2013), Hong Kong (2014), Singapore (2015) and Bangkok (2016) in the past 5 years. Given the excellent line up of speakers and the meeting's outstanding reputation, this is a 'must' attend for anyone interested in cutting edge research in biotechnology and bioengineering.

Looking forward to seeing you at this significant event.

Thanks and best regards

➤ Conference Themes

Topics of the conference include but are not limited to:

1. New Approaches and Concepts in Biotechnology
2. Cancer Genomics & Immunotherapy
3. Medical biotechnology
4. Pharmaceutical Biotechnology
5. Enzyme and Protein Engineering
6. Bioinformatics, Genomics and Systems Biology
7. Biosensors and Bioelectronics
8. Other related aspects

➤ Call for Papers

Abstracts from accomplished junior and senior investigators are warmly invited. An abstract should be submitted in MSWord file, at most 500 words, including title, authors, affiliations, address and corresponding author, and acknowledgement if any.

While authors should indicate their preference for Oral or Poster presentation, the final decision will rest with the Conference Scientific Committee.

- ❖ **Oral presentation:** The speaker will have 20 min (15 min for presentation, 5 min for questions and answers). Speakers are requested to submit a Power Point presentation, if any, one day before the conference.
- ❖ **Poster presentation:** Posters will be displayed as a portrait of approximately 80 cm x 100 cm. Text should be written in English. ICBB 2016 organizer will provide the equipment needed for mounting posters.

➤ Registration

Generally, there are 3 steps to finalize your registration process:

- Step 1. Online registration at <http://www.icbb.hs-offenburg.de/2017/registration/>
- Step 2. Abstract submission (Optional for listeners);
- Step 3. Confirmation and payment

All registration data submitted to us will be treated confidentially. Registration will be on a first-come first-served basis, your registration is valid only after payment of the registration fee.
